Stubbing Nook, Newton-le-Willows, Bedale, N.Yorks. DL8 1TJ

Hire our portable refrigeration or freezer trailer for the ultimate event fridge. A mobile cold store is now vital to match today's food-hygiene standards. And this is matched by our personal attention that delivers, sets up, and collects to your schedule. Simply plug into 13amp. mains, or a generator, and the required temperature is reached within 60 minutes. No worries.

Our trailers are built to a very high standard by Germany's foremost trailer manufacturer, Humbäur. They come with or without storage shelving. Designed for the chilled storage of foods and beverages for weddings, parties and outside events, they are also ideal as emergency back-up cold storage for hotels, restaurants and butchers. Or, those times of year - Summer season, or just before Christmas - when you just need some extra capacity. Event Fridge Hire covers the North of England, but with our associates in the Midlands and the South, we can offer a nationwide service.

Remember the price you see is what you pay - VAT is NOT added!
